

Education Station Academy Elementary Summer Camp Program 2024

We are going on a
Field Trip!

So come on let's go!

712 Main St.
Lavon, Texas 75166
972-843-2229

Dear Parents,

It is again time for a wonderful fun filled summer at ESA for all of our children. We would like to welcome any new students that have come aboard this summer. At ESA we have tried to make the summer a place that your child really wants to come and have a lot of fun with the activities that we have planned. Our after school teachers, are really looking forward to it.

The tuition for the summer is **\$170.00 a week** and that includes the food when they are in center. There will not be a activity fee this year as we are charging for field trips as they occur. Wet zone passes are \$40.00 each child. The money for that needs to be paid by June 1st and then we will go purchase them. All other activities you will pay as we go. We have a lot of fun activities planed for both in center and field trips.

Here are a few things that will help you understand how our calendar works.

1. All of the times for the field trips are the times that they are supposed to leave the center. If you could make sure that you have your child here at least an hour before that time, as we have to make sure that we send enough staff, have enough snacks and drinks and leave in plenty of time to get there safely. We also ask that children do not bring money for the field trip as we provide everything that they need unless it is Nickel-Rama. It is so hard to keep up with everybody's money.
2. Please make sure that all of your child's swim gear has his/her name on them as so many children sometimes have the same things. Be sure they are in a bag or backpack with their names on them as well. They will also need some flip flops or swim shoes for Wet Zone.
3. We ask that you bring sun screen for your child with there name on it. The teachers put it in a container so that it can be taken on field trips where they are in the sun. Please check from time to time to see if it needs to be replaced.
4. There are asterisks by the things that need special attention and then you can check in the Things-to-Remember column.
5. We ask that on all field trips children wear tennis shoes and NO sandals as they have a tendency to break.
6. Please bring sunscreen for your child with their name on it so we do not have a lot of sunburns. We will be happy to put it on them. All children who cannot swim need to bring life safety devises such as life jackets or arm floaties.
7. We go outside depending on the temperature and the ozone alerts. We will almost always go out in the a.m. If the ozone alert is red, we will stay inside. We base the temperature on the heat index not just the temp.
8. When we ask for a lunch please put it in a sack so we can throw it away . **Be sure to provide lunches that are not easily spoiled.** Chill drinks and wrap in foil and they will stay cold longer. Please put a name on them. **We do put our lunches in a cooler but we do not want to take any chances.**

I hope this will make things a little easier for you to keep up with what we are doing. We would hate for your child to miss out on any of the fun things we have planned. We will have fieldtrips posted on our easel at the front door as well.

Thank you,
Ms. Connie, MS. Laura and the ESA Staff
